About Meto-Fer Automation

Meto-Fer Automation is your worldwide solution to industrial automation. Notable products include a full line of conveyor systems; linear belt pallet transfer systems (MP), and linear pallet over / under systems.

Our complete line of quality automation components includes linear slides with air cylinder, ball screws or timing belts, alignment slides, grippers, rotary actuators, elastomer - oil cushions, flow controls, height gauge controls, suction cups, mounting brackets, stands and adapter plates, precision stop system with sensing elements, electronic sensors, spring feeders, shaft hoppers, and modular pick and place units.

Meto-Fer products are engineered to provide long lasting trouble-free performance.
